

GFS/USA National Month of Service

October 2015

Spread the love this fall with these ideas:

- Week 1: Put on a spread** – Thank those who've served your community (luncheon, special service, concert, cards, treats, etc. for firefighters, nurses, police, etc.)
- Week 2: Spread the bread** – *Check local ordinances concerning food distribution.* Partner with a local restaurant or licensed commercial kitchen to make and donate sack lunches for the homeless or needy in your neighborhood. You can also collect non-perishable food items for your local soup kitchen or food pantry. Enlist your church to help.
- Week 3: Spread the word** – Pick a charity, collect change and donate it. Educate your church about the cause and ask them to donate too. Visit <http://www.changeforchange.org/> for information and ideas.
- Week 4: Spread your wings** – Come up with your own branch's original service project and make it "fly" in your community.

Your branch, your cause, your work!

Complete your service project and send your photos & a brief write-up to Alex Jacobs by **November 30**. We want to publicize your efforts!
